## CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The catalogue has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.**

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the catalogue, THOMAS L. ELDER.

**No priced catalogue will be furnished of this sale.**

### ENCASED POSTAGE STAMP ESSAYS.

Includes an almost unique 10c in Silver Frame.

- 1318 10c Washington. Green stamp under mica and encased in a silver frame.

Black is Plain. Note.—The writer wrote Mr. H. E. Deats, a well known authority on encased postage stamps about this stamp and in his reply he states: "The silver frame encased stamps are essays. I thought once I was on the track of the maker, but he was dead. If J. N. T. Levick had lived I think he would have chased it down. The advertising feature was all that made them (the encased postage stamps in general) go for the limited time. A good salesman can still sell advertising in most any form." Very fine. The first we have heard of. Should bring as good a price as any encased stamp, even the 90c.

- 1319 9c. Feuchtwanger (?). Three 3c Washington brown stamps in copper frame. Rx. design of the Feuchtwanger cent reverse. We attribute it therefore to Feuchtwanger.
